IIMS Indian Institute for
MONTESSORI STUDIES

...enabling inspired learning!

JOIN

**MONTESSORI
PRIMARY DIPLOMA**

Tentative start August 2026

ABOUT US

Indian Institute for Montessori studies is affiliated with Indian Montessori Association and was established in 1998. It was the first institution to offer Montessori primary course in India after the departure of Maria Montessori in 1949. Since then, the institute has trained hundreds of passionate Montessori teachers and teacher trainers. IIMS offers pre-primary and primary Diploma Courses.

MONTESSORI PRIMARY DIPLOMA - MPD

The Montessori Primary Diploma course trains teachers to assist children between 6 and 9 years. The course trains teachers to understand the needs and requirements of these children and apply Montessori psychology and theory accordingly.

Weekly one practice class at an IIMS affiliated Practice Centre of applicant's choice!

AREAS OF STUDY

The Montessori Primary classroom has eight distinct areas. They are:

Language

Trainees learn to present language as a marvellous invention of humanity. analyze it into its components, study its rules, and understand the link between it and civilization.

Arithmetic Activities

Mathematics in the primary begins with Arithmetic and Algebra, introducing complex concepts such as squares, square roots, base systems, fractions and multiples.

IIMS

Geometry

Trainees learn to analyze shapes by understanding their characteristics, nomenclature, and relationships.

Botany

The trainees learn the nomenclature, classification, and functions of various parts and their internal structure of plants.

Zoology

Trainees learn the nomenclature around the morphology of animals, their function and classification.

History

Trainees learn the nomenclature around animals' morphology, function, and classification.

Geography

Trainees study Geography as a complex interface of Physics, Chemistry and Earth Sciences, connecting it to culture and traditions.

Arts & Crafts

Arts and Crafts do not form a separate subject but form a part of all that is introduced to the child. The trainees learn to appreciate this fact.
